About Us

When Mr. G. V. Narayana established Uniq-Be Real, he had a couple of simple ideas in mind. While working as a professional in cosmetic industry, he possesses immense experience to find the perfect range of cosmetics for not only women but men. His sole aim, as a cosmetic manufacturer, has been to helping people achieve a healthy glow by treating their skincare problems from their roots. He, since the beginning of his career, aimed to manufacture skincare products that targeted the actual problem rather than merely hiding it beneath some product application as done by most cosmetics available in the market.

Those big brands want people to pile up layers on their skin until they do not look like themselves anymore. However, at Uniq-Be Real, we do the opposite. With our brand, Uniq Be Real, the idea is to replenish the natural skin to make consumers look as beautiful and refreshing as the glimmering sea. This is why our Face Cleanser Gel, Face Pack, Face Scrub, Massage Cream, SPF 50 Sunscreen Lotion and Moisturizer Gel are designed with advanced formula that work according to the natural skin of the user and not against it.
